

## Instructions

- Print out these pages. If you do not have access to a printer, please contact the instructor.
- Handwrite your answers on the pages you print out.
  - **I will not accept just the answers written on a sheet of paper.**
  - **I will not accept typed output unless it includes the questions.**
- If you have a flatbed scanner, please scan the images into a .pdf file.
  - PDF files are much better than individual jpg files.
  - If you don't have a flatbed scanner, please use a "camscanner" app on your phone to produce a single .pdf file for the assignment.
